## JET PURE & JET PURE MAGNUM

---

Jet Pure and Jet Pure Magnum are Commercial Air Purification Units ideal for larger open spaces not served by an HVAC system. They can, however, be used in conjunction with an HVAC system without impacting the ducts.

### FEATURES:

- Photo Catalytic Oxidation Technology
- Significantly reduces mold, bacteria, and viruses
- Drastically reduces odors - doesn't cover them up
- Available port for second PCO Cell
- Replaceable Rear Filter
- Replaceable PCO Cell(s)
- Low energy consumption
- Hanging cables and connectors included

### JET PURE

**Weight:** 47 lbs.

**Input:** 120V / 60 Hz or 220V / 50 Hz

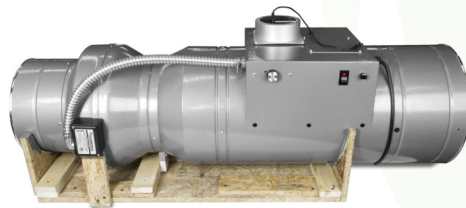

**Usage:** Min 370W / 3.15A, Max 390 W / 3.35 A

**Sound:** Min 70dB, Max 80dB (at 8ft)

**Air Flow:** Min 550 CFM/Max 900 CFM

**Dimensions:** 18.5" H x 18" W x 53" L (Cells Installed)

**Warranty:** 5 Years

### JET PURE MAGNUM

**Weight:** 52 lbs

**Input:** 120V / 60 Hz or 220V / 50 Hz

**Usage:** Min 380W / 3.35A, Max 400W / 3.55A

**Sound:** Min 70dB, Max 80dB (at 8ft)

**Air Flow:** Min 850 CFM/Max 1000 CFM

**Dimensions:** 21.5" H x 18" W x 53" L (Cells Installed)

**Warranty:** 5 Years
