

MCI™ ODOR NEUTRALIZER

FEATURES & SPECIFICATIONS

This wall, or shelf, mounted MCI™ NEUTRALIZER is designed to improve indoor air quality in and around sources of malodors including trash containers, mobile garbage vehicles, and the like where waste management of malodors is needed. By dealing with pollutants in a proactive way. The MCI™ NEUTRALIZER sanitizes by producing aggressive levels of oxidizers then distributes throughout the collection container.

The added benefit of this machine is that it not only reduces malodors but kills and/or eliminates the mold and bacteria associated with those odors. Fully adjustable to deal with virtually every size containment area, this machine is highly efficient and efficacious.

The MCI™ NEUTRALIZER is a plug 'n play unit requiring a simple installation and standard three pronged 110/ V/120V electrical outlet. When installed outside, exposed to the elements, consideration should be given to protecting this unit with an awning or other type of protective cover.

MAIN FEATURES

- Ball bearing brushless quiet but effective blower motor.
- Exclusive MCI™ (Multi-Cluster Ionization) technology to attack malodors from mold, bacteria, VOCs and other contaminants.
- Up to six lamps w/three power levels, LOW, MEDIUM and HIGH for immediate adjustment.
- MERV7 annual replacement filter to meet ASHRAE 52.2 Standard.
- 110V/120V operation with standard three-prong w/ground plug.
- Energy efficient operation.
- Unique design provides maximum targeting of specific contaminants and malodors.
- Powder coated for durability (color selection available on quantity orders)

APPLICATIONS

- Containers, trash compactors, mobile garbage vehicles, waste management odor control

SPECIFICATIONS

- Fan Speed 250 CFM Fan Speed at Nozzle 190 CFM
- Ozone Output: Low 3.3 gm/hr Medium 6.6 gm/hr High 10.0 gm/hr
- 110V/120V 244 Watts max. 2.04 Amps Power Factor 98
- Trademarked MCI™ Multi-cluster Ionization Technology utilizing UV Germicidal Wavelength
- MERV7 Filter (easily replaceable utilizing Velcro connection)

PACKAGING

- | | |
|-----------------------|---------------------------------------|
| Unmarked Carton | Plug 'n Play with lamps installed |
| 27.5"x6.75"x7.0" | 698.5mm x 171.45mm x 177.8mm |
| 8' Hose (included) | 4' 3 Prong Electrical Cord (included) |
| Total Shipping Weight | 12.0 lbs., 5.44 kg |
