

Standard Model

PLUS Model

Congratulations on your purchase of the MCI™ SilentCeiling. Whether you chose the round supply option (STANDARD), the antique supply option (PLUS) or are supplying your own supply register, the MCI™ SilentCeiling by Best Living Systems, LLC becomes an incredibly effective, quiet and efficient air purification system for any room. Tucked out of sight in the ceiling, this unit can be retrofit to existing rooms or installed initially prior to the installation of the ceiling finish.

To get the most out of your unit(s), please simply do the following:

- 1) Complete the enclosed warranty for the Hampton Bay Skew 986755,
- 2) Replace the MCI™ 3.5" cell every year (or when the blue LED goes out) by logging into the website below,
- 3) Replace the filters on a quarterly basis (by logging into the BLSPRO.com website below),
- 4) Keep this page for your records because it has the information you need for replacement parts and warranty.
